

Man Indicted As Red Spy

US Officials Describe Him As Colonel of Intelligence

NEW YORK (AP)—A man described by federal officials as a Soviet Russian colonel of intelligence masquerading as a Brooklyn artist was indicted today as a spy. The penalty, if he is convicted, could be death.

The officials said the man, Rudolf Ivanovich Abel, 55, was the highest ranking Soviet national ever arrested in the United States as a spy.

Red Leader In Berlin For Tour

Promptly Denounces West German Policy As Peace Danger

BERLIN (AP)—Soviet commander boss Nikita Khrushchev arrived in East Berlin today for a tour of restive East Germany. He promptly denounced the foreign policy of West German Chancellor Konrad Adenauer as a "great danger" to world peace.

The Soviet leader made the statement during a massive welcoming ceremony at East Berlin's railway station.

Khrushchev, speaking just five weeks in advance of West German elections in which Adenauer faces a tough fight against the Socialists, told the welcoming rally:

"Unfortunately our (peace) efforts have not been supported by the ruling quarters of the West German Federal Republic. They counteract the interests of their nation without paying attention to the bad experience of the past. They sow the poisoned seed of distrust against the Soviet Union and the whole Socialist camp.

"This is a great danger not only for our people but also to the cause of world peace."

Khrushchev spoke a few minutes after an East German army band hailed him with the Prussian army presentation march—the military anthem played for Adolf Hitler and Kaiser Wilhelm II.

Khrushchev, heading a nine-man Moscow delegation, stepped onto the platform closely followed by Deputy Premier Anastas Mikoyan and Foreign Minister Andrei Gromyko.

Telephone Firm Must Respond To a Complaint

JEFFERSON CITY (MPA)—The state public service commission has given Southwestern Bell Telephone Co. until Sept. 1 to satisfy complaints of citizens of southwestern Pettis County or answer the complaint in writing.

Mr. and Mrs. James H. Hoffer and nine other families at Green Ridge and Ionia filed the complaint because Bell has not provided service in their area.

The group said all live within a small area of the southwest corner of the service area of the Sedalia exchange of the Bell Telephone company. They stated that Sedalia was their service, business, trade and social area. They said they had never received any telephone service although Bell could serve their area with a slight amendment of its service area.

The petitioners told the public service commission that they had exhausted all other means of getting telephone service. The group said they had long pleaded with Bell to provide service but to no avail.

The group asked the PSC to request Southwestern Bell to extend telephone service to them as promptly as possible.

McElroy for Defense

WASHINGTON (AP)—President Eisenhower today named Neil H. McElroy, president of Procter & Gamble, to be secretary of defense.

Clears Way for Vote

WASHINGTON (AP)—An agreement clearing the way for a vote on passage of the civil rights bill today was reached in the Senate today.

They said he was a colonel in the Soviet State Security Service—corresponding to the American Central Intelligence Agency—and that he headed the service's activities in the United States.

They said his base of operations was a photographic studio across the street from the Brooklyn federal courthouse, where a grand jury returned the indictment against him.

The indictment named four other men as co-conspirators but not as defendants.

It charged that Abel conspired to "activate as agents within the United States, certain members of the armed forces who were in a position to acquire information relating to the national defense of the United States."

The indictment said the studio was for making microfilms of information for transmission to Soviet Russia.

It said Abel and the alleged conspirators hollowed out coins, pens, pencils, bolts, handkerchiefs, earrings and similar articles so they could be used as containers for the transmission of the microfilm. They used radio for receiving instructions and sending information, the indictment said.

It said the ring was interested particularly in information "relating to arms, equipment and disposition of the U. S. armed forces and information relating to the atomic energy program."

The ring conspired, it said, to obtain writings, photographs, negatives, maps, plans, models, notes and instruments.

Abel was arrested June 21 at the Hotel Latham in New York by immigration officers as an alien residing in this country illegally.

Sedalia Band Will Present 11th Concert

The Sedalia Concert Band will present its 11th concert of the season at 7:45 p.m. Thursday at Liberty Park under the direction of Lloyd Knox.

Music for this occasion is provided by a grant from Recording Industries Trust funds obtained with cooperation of Local 22 American Federation of Music. The Sedalia Park board is co-sponsor.

The program is as follows: "When the Saints Go Marching In" by Walters; "Lieutenant Santelmann's March," Rosenkrans; "Highlights from the Cat and the Fiddle," Kerns; "Rain Medley," Yoder; "Them Besses March," Huffine; "Two Hearts in 3/4 Time," Stolz; "The Thunderer March," Sousa; "Montgomery Post March" Rosenkrans.

After intermission: "March National Emblem," Bagley; "Rose Marie," Triml and Stothart; "The New Colonial March," Hall; "Dancing in the Dark," Schwartz; "The Sunshine of Your Smile," Ray; "The Men of Ohio March," Fillmore; "Star Spangled Banner."

Tucker Pledges Compliance

St. Louis Rejects Proposed New Charter; 1914 Charter Still Stands

By THE ASSOCIATED PRESS—St. Louis rejected a proposed new charter and Randolph County tossed precedence aside yesterday in special elections.

Several other cities and school districts, also held elections yesterday. At St. Louis, a special election record total of 178,126 votes were cast by residents who turned down the new charter. The vote was 106,989 against; 71,137 for with only a simple majority needed for approval.

Defeat of the proposal means that St. Louis' government will continue to operate under a charter adopted in 1914. Mayor Raymond Tucker, who had led proponents of the new charter, said he would continue to "operate our city government as efficiently and effectively as possible under the

Ike Still Opposes Rights Bill

Considers McElroy To Succeed Wilson In Defense Post

WASHINGTON (AP)—President Eisenhower said today he still opposes the Senate version of the civil rights bill but it remains to be seen whether further congressional action will meet his objections.

Eisenhower also told a news conference he is very earnestly considering Ohio manufacturer Neil H. McElroy to succeed Charles E. Wilson as secretary of defense.

The President indicated McElroy will be named to the post as soon as current investigations have been completed.

As for Wilson, Eisenhower said the defense secretary has not—contrary to published accounts of his recent testimony before a congressional committee—opposed a budget reform plan favored by the President.

Eisenhower said Wilson merely tried to show what effect the proposed financing change would have on the Defense Department.

Eisenhower said he is viewing with the utmost hope the prospects that the Russians will accept the aerial and ground inspection plan put forward by Secretary of State Dulles in the London disarmament talks.

The President said general disarmament would follow step by step almost automatically if the U.S. proposal should be accepted. But first, he said, there must be some little progress toward mutual trust between the Communist world and the West.

Would Amend Ordinance

Through Streets Designated At Monday Council Meeting

At Monday night's City Council meeting, an ordinance was read for the first time which designates through streets in Sedalia.

If passed, it would amend Ordinance No. 4239, one regulating traffic upon our public streets. Under this, the original would be amended by adding 14 sub-sections, which list through streets in the city.

Sedalia's through streets would be as follows, should this ordinance eventually pass:

1. On Limit Avenue beginning at Broadway Avenue thence north to Main Street and continuing north-easterly on U.S. Route 65.

2. On Clinton Road beginning at Limit and continuing northeasterly to its intersection with Grand Avenue.

3. On Kentucky Avenue beginning at the south city limits and continuing north to 24th Street thence east on 24th Street to Ohio Avenue thence north on Ohio Avenue to Clay Street.

4. On Ingram Avenue beginning at the south city limits thence north to 13th Street, thence on 13th Street to Hancock Avenue, thence north on Hancock Avenue to Third Street.

5. On New York Avenue beginning at the south city limits thence north on New York Avenue to the north city limits.

6. On Marshall Avenue beginning at the south city limits and continuing north on Marshall Avenue to its intersection with the Missouri Pacific Railroad right of way.

7. On Washington Avenue beginning at the north line of Third Street and continuing north on Washington Avenue to its intersection with Cooper Street.

8. On Grand Avenue beginning at the south city limits and continuing north on Grand Avenue to the north city limits.

9. On 28th Street beginning at the east city limits and continuing west on 28th Street to its western terminus.

10. On 16th Street beginning at the west city limits and continuing east on 16th Street to its intersection with Marshall Avenue.

Says Mamie Is 'Fine' After Surgery

WASHINGTON (AP)—Mrs. Dwight D. Eisenhower continues in "fine" condition following surgery yesterday, her physician reported today.

James C. Hagerty, White House press secretary, relayed the following statement from Maj. Gen. Howard M. Snyder, the presidential physician:

"Mrs. Eisenhower's postoperative condition continues to be fine. She slept with but few interruptions throughout the night."

The President's wife underwent a two-hour operation, performed by an Army gynecologist, yesterday at Walter Reed Army Hospital.

Later in the day, as she rested in the three-room hospital suite her husband occupied 14 months ago, she was reported "doing fine."

Hagerty said the doctors had authorized him to report: "Mrs. Eisenhower's post-operative condition is fine and she has been sleeping most of the afternoon."

President Eisenhower visited with her for 35 minutes last night, but as he left he told newsmen "I think she's sleeping."

Mrs. Eisenhower is in the three-room air-conditioned suite in which Eisenhower himself recuperated in June 1956 from an operation for removal of an intestinal obstruction.

Not a Chance

This would be fine weather for the State Fair, wouldn't it? The weatherman insists, however, that it's going to warm up.

Generally fair and warmer to night and Thursday. Low to night in mid-60s. High Thursday near 90.

The temperature at 7 a.m. was 62, 85 at 1 p.m. and 86 at 2 p.m. Low Tuesday night 57.

The temperature one year ago today, high 94, low 70; two years ago, high 95, low 69, with 85 inch of rain; and three years ago, high 83, low 65, with .51 inch of rain.

Bertha Welch '57 Chairman Of U.F. Drive

Additional Funds Needs Put Year's Goal at \$75,730

Mrs. Bertha Rose Welch has been chosen as general chairman of the 1957 Pettis County-Sedalia United Fund Drive. Mrs. Welch was named at the meeting of the United Fund board of directors Tuesday afternoon and immediately accepted. The Board set the goal for 1957 at \$75,730.02.

Mrs. Welch's willingness to accept the directorship of the annual drive eliminates the United Fund from securing the services of an outside professional director and saves for the fund approximately \$5,000.

Four divisions will be used in the drive, the Advance division which is headed by Chairman Abe Silverman; the County division, led by George Ray as chairman; the Men's division and Women's division whose chairmen are to be announced later.

The County drive will get underway on Tuesday, Sept. 3, while the general drive will begin on Oct. 1 and continue through Oct. 15.

In 1956 the goal was set at \$75,000, and the increase this year amounts to \$730.02 as a result of additional funds needed by some organizations. There are 14 organizations participating in the United Fund this year, of which the American Red Cross lowered its request by \$602, while eight others increased their requests and five asked the same amount as the previous year.

Participating organizations and the amounts they are seeking are as follows, with the first figure the amount requested in the 1956 budget and the second figure the request of the 1957 budget drive: American Red Cross, \$19,000—\$18,398; Teen Town, \$800—\$800; National Association Mental Health, (Please turn to page 6, column 6)

Two Officers Die in Wreck

Two Other Men Are Injured When Plane Wheel Collapses

A crash of a B-47 bomber of the 340th Bomb Wing at Whiteman AFB about 5:17 p.m. Tuesday took the lives of two crew members and caused injuries to two others. The crash is the third for Whiteman aircraft in which lives have been lost, and was the second for B-47 bombers.

Killed were:

Maj. William E. Bradbury, 40, 800 East Clark, Warrensburg, and Capt. Herman C. Hauser, 42, 1636 West Fifth, Sedalia.

Injured were:

Capt. Guy L. Roberts, Jr., 34, Aircraft Commander, who resides at 200 East March Drive on the base, and Lt. William H. Bradshaw, 24, co-pilot, who resided at the Bachelor Officers Quarters. Both men suffered first and second degree burns on their arms and legs.

The plane was making a landing from the north and had touched the runway, when it was reported the right wing dipped and the outboard engine hit the ground, causing the huge plane to swerve to the right off the runway. One witness reported the plane appeared to have cartwheeled when the outrigger collapsed.

By the time the fire and crash trucks arrived on the scene the craft was already on fire.

Capt. Roberts and Lt. Bradshaw escaped unaided from the plane.

The two escaped after the canopy over the cockpit had been jettisoned.

The two deceased officers were pinned in their crew positions, but were apparently dead. The firemen were unable to extricate them immediately.

The crash and fire trucks were at the scene within a matter of seconds, one truck having been standing by at the airstrip prior to the landing.

The fuselage of the B-47 was consumed by fire, but the tail assembly and the wings remained intact.

To Honor Volunteers To Crippled Children At Picnic Sunday

Past and present volunteer helpers of the Crippled Children's Center will be honored at a picnic given by the parents and staff members of the center on Sunday, Aug. 11, at Vermont Park. It was announced here today by Mrs. Rudolph Swope, director of the center.

The picnic will open with a recreational hour at 4 p.m. and will be followed by the picnic supper. Mrs. Swope advised this affair has been the first opportunity in the two years' operation of the center that the volunteer helpers have been honored for their untiring efforts. She said that her staff and the children's parents are hopeful that all men and women who have assisted at the center will feel free to come to the picnic.

Guardsmen Depart For Camp Riley

Local Units Leave For Annual Field Training Program

Sedalia's units of the National Guard will leave this weekend for Camp Riley, Minn., to participate in their annual field training period. Maj. Gen. John C. McLaughlin, 35th Division commander will leave by plane for Camp Riley Saturday morning accompanied by Col. James M. Blue, division chief of staff, and Lt. Col. Othel Bangert, division advisor.

The plane, a L-20 Beaver, will be piloted by Capt. Wallace Bolen of Kansas City. Col. Carl Siegel, division surgeon, leaves by another plane also on Saturday. Both aircraft will arrive at Camp Riley after afternoon. Lt. Col. Herman A. Myers, division adjutant general, and Maj. William Galvin, assistant division adjutant general, left Monday.

The Division Headquarters unit, commanded by Lt. Lester S. Harrell, Jr., will leave at midnight Saturday by bus for the training site. The unit is composed of: M-Sgt. Marvin Hopper (first sergeant), M-Sgt. Alvin Gamber and M-Sgt. Robert Jackson; Sfc. Nick Backer, John Goldsmith, Thomas Lee, and Eldon O'Neill; Sgt. Darrell Koelling; Sp-1 Robert J. Baxter; Sp-2 Harold Bishop, Hubert Burford, Albert Cusick, Gayle Fletcher, Robert Forsyth, Dole Jackson, Louis Staples and Van White; Sp-3 Edmond H. Bryant, William Weuel, Jason Kirkpatrick Jr., Ross Lingle, James Sands and Homan Williams; Pfc. Vern D. Bohling and Larry J. Hoehns; and Pvt-2 James Lawson and Elwood Schlobohm.

On the bus with the Headquarters unit will be Capt. David Bashaan, Warrensburg, Lt. Russell Rhoads, Sedalia, and Warrant Officer Earl Horton, LaMonte.

Lt. Harold R. Yeager, division postal officer, and M-Sgt. Verne Kuhn of the division's advisor's office, will leave for camp Thursday.

The advance detachment of the Headquarters left Wednesday morning. The unit will arrive at camp Sunday afternoon and return Aug. 25.

Battery C, 128th Field Artillery Battalion, leaves Sedalia at 6 a.m. Friday. The unit is commanded by Capt. Richard Dean. The battalion will arrive at camp Sunday afternoon and return Aug. 25.

The tractor rodeo will be on Friday at 2 p.m. with prizes offered by several oil companies in the county.

The Junior Livestock Show was held Wednesday and on Thursday morning, hogs in open class will be judged. The livestock judges are H. A. Ball, dairy, Leland Tribble, beef, hogs and sheep, and Curtis Weston, farm mechanics. Horse show judges are G. R. Forgery, Lebanon, and Howard Robert, Clinton.

Dr. D. P. Dyer Retires After Long Service

Dr. David P. Dyer, one of Pettis County's widely-known physicians and surgeons, who had practiced in its confines for a period of 54 years, is retiring and he and Mrs. Dyer contemplate having a well-deserved rest at their comfortable and commodious home, Sixth and Grand.

Dr. Dyer's practice of medicine began at Dresden, where he spent four years in general service to that community during the horse and buggy days when it was necessary on country calls to make them either by buggy, or on horse back over roads that were frequently muddy, dusty, rough or having narrow passageways oftentimes to traverse. This did not deter him but after his early contribution in ministering to the health needs of the countryside he decided to come to Sedalia and opened offices where he had maintained since.

He long had been a member of the Pettis County Medical Society and a few years ago was honored for 50 years' practice at a banquet session tendered doctors of the county that had achieved that distinction.

On Dec. 14, 1910, he was married to Miss Blanche Bosserman, they establishing their home here, and they had been active many years in various social and civic endeavors. They have in addition to their city residence a farm between Sedalia and Windsor where they spend part of their available time in recreation, enjoying outdoor life there to the fullest.

Their family includes two daughters, Mrs. Edgar H. McQuiddy, St. Louis, and Mrs. J. H. Atkinson, The SEDALIA DEMOCRAT

Saves Flood Victims With Helicopters; Returns Not Lucrative

SACRAMENTO, Calif. (AP)—C. T. Jensen's helicopter plucked 17 persons out of the water in the Christmas week flood of 1955. Finding them, Jensen agrees, was much easier than finding somebody to foot the bill.

Jensen says the Coast Guard requisitioned him and said he would be paid. He submitted a bill of \$2,602.50, mostly for 28 hours of flying. He's tried the Red Cross. He's tried the federal government.

Yesterday the State Board of Control turned him down. "Sometimes," Jensen told the board, "I wish I hadn't been there."

Gives Praise To Doctors In Delivery

NEW YORK (AP)—Showman Mike Todd says nine doctors deserve bows for a "miraculous" job in the delivery of a premature baby to his wife Elizabeth Taylor.

A 4-pound, 14-ounce daughter was born to the beautiful brunette film star through Caesarean section yesterday at Columbia Presbyterian Medical Center. The baby was due in October.

Todd said Dr. Virginia Apgar "worked over the baby for 14 minutes before she hollered." Dr. Apgar is a resuscitation specialist. She breathed life into the tiny infant.

"Those were the longest 14 minutes of my life," said Todd.

He issued this statement: "Liz and I are very grateful we got what we wanted most, but really the hard way. It was a miracle, thanks to the extraordinary medical genius of the lineup assembled by Dr. Dana Atchley, that this has come off."

"Mother and baby are doing well considering the precarious state of Liz in the last two weeks."

"After a series of conferences starting yesterday (Monday), it was decided at 9 a.m. by Dr. Anthony DeSopo, obstetrician; Dr. E.M. Papper, anesthetist; Dr. William Silverman, pediatrician; and Dr. John Laragh, diagnostician, after consultation with Dr. Frank Stinchfield, who performed the final operation which was a complete success, and Dr. Lester Mount and Dr. Carmine Vicala, neurologists, to perform a Caesarean at 12 noon.

"Every doctor is pleased with the result and Liz and I are eternally grateful for the miraculous job they have all done."

The baby was named Elizabeth (Liz) Frances Todd.

Clear Weather Seen For Most of Nation; Warmer in Midwest

By THE ASSOCIATED PRESS

Some cooling was indicated for the northern Plains today while a warming trend continued from the central Plains to the western Great Lakes. Elsewhere across the country there was little temperature change.

Except for scattered showers and thundershowers in the southern and central Rocky Mountains, the northern Plains and extreme northwestern portions of the Great Lakes, clear weather was forecast.

Cool, dry Canadian air — which has reigned over the eastern portion of the nation since the week-end—was responsible for generally fair skies yesterday. Overnight temperatures ranged from the 70s in Gulf Coast states to the 60s in most other areas but with some brisk readings in the 40s and 50s recorded from the Appalachians into new England.

Backs Demonstrators

TOKYO (AP)—The third World Convention Against Atomic and Hydrogen Bombs today adopted a resolution of support for the 11 anti-bomb demonstrators arrested in Nevada.

The demonstrators were arrested yesterday — 12th anniversary of the atomic bombing of Hiroshima—as they tried to enter the U.S. nuclear testing ground. They pleaded guilty to trespassing charges but sentencing was suspended and they were released.

The Tokyo convention opened yesterday with 70 delegates from 23 nations attending.

Calls Rights Debate Disgraceful Showing

CHAUTAUQUA, N.Y. (AP)—A Negro leader, Thurgood Marshall, calls the recent civil rights debate in Congress "a disgraceful performance."

Welcome Wagon Club Has Regular Luncheon

The Welcome Wagon Newcomers Club enjoyed a luncheon at Bothwell Hotel Friday, Aug. 2, with 20 members attending.

Following the luncheon games were played with each member winning prizes. Mrs. Estelle Conroy and Mrs. Mae Stahl each received a prize for winning more prizes than anyone else.

Mrs. Millie Remer, president, conducted the short business meeting at which time Mrs. Stahl was appointed sunshine chairman. It was announced that a coffee for members will be held Aug. 14 at Liberty Park from 9:30 until 11. Members are to bring their own cup.

The floral centerpiece which is given as a door prize at the close of the meeting went to Mrs. Conroy.

Surprise Party Is Given For Bride-to-Be

A surprise bridal shower was given by Miss Delores Bales, Mrs. Monty Dixon and Mrs. Alfred Lane at the home of Mrs. Lane's parents, the Rev. and Mrs. O. A. Blaylock, north of Knob Noster Sunday afternoon for Miss Mae Belle Roberts, Knob Noster, who will be married to Edgar Leonard, Olathe, Kan., Aug. 18.

The gift table decorated in orchid and white was in front of French doors and there were white wedding bells at the top of the doors from which orchid and white streamers extended to the table, and formed a canopy over the gifts.

Refreshments were served to: Miss Roberts, her mother, Mrs. Leland Roberts, Miss Dorothy Jean Lynde, Mrs. Harry Lane, Mrs. Charles Miller, Mrs. Melvin Foster, Mrs. Christy Eckhoff and Kristi, Mrs. Will Eckhoff and Mrs. O. A. Blaylock, Knob Noster; Mrs. Alda Bales and Miss Delores Bales, Sweet Springs; Mrs. Monty Dixon, Springfield; Mrs. Lester Lane, Warrensburg; Mrs. Alfred Lane, Columbia; Mrs. Eugene Feagans and Susan, Kansas City.

Mrs. Elmer Eckhoff was unable to attend but sent a gift.

Marsha Lange Has Party on Birthday

Marsha Diana Lange observed her eighth birthday with a party Saturday afternoon given at her home, 1314 East 14th. She is the daughter of Mr. and Mrs. Kenneth Lange.

The home was decorated with colored streamers, paper bells and various colored balloons. The dining table was centered with a doll cake.

The afternoon was spent playing games with prizes going to Johnnie Woolery, Billy Pfeiffer, Connie Hinken, Wayne Draffen and Murlin Lange.

Ice cream and cake was served to: Sharon Draffen, Donna Curry, June Lange, Barbara Minger, Steve Curry, Melvin Lange, Paul Lange, Murlin and Dickie Lange, Billy Pfeiffer, Connie Hinken, Joyce Lutjen, Linda Kelly, Johnnie Woolery, Barbara Hazel, Wayne and Garry Draffen, Larry Epperson, Paula Lange, and Stephen Moore of Alaska.

US Limits Inspection

Red Satellites Are Factor In Disarmament Agreement

LONDON (AP)—The United States has made plain to Russia that it will not open all its bases to Soviet aerial inspection until the place of Asia's Red nations in Russian military plans is spelled out.

Harold E. Stassen, U.S. delegate to the U.N. Disarmament subcommittee, indicated this yesterday when Russia's Valerian Zorin made a three-point request for clarification on the air and ground inspection system proposed last week by Secretary of State Dulles.

Asked by Zorin why the plan did not cover U.S. bases in North Africa, the Middle East, Turkey and Pakistan, Stassen replied that their inclusion would have brought up "very difficult" political questions.

Stassen pointed out that the Western proposal provides for possible expansion of the inspection zones when and if progress is made toward settling political questions involved.

Informed U.S. sources here made clear the main question involved in expanding the inspection zones is Russia's relationship with the Communist governments of China, North Korea, North Vietnam and Outer Mongolia.

Those Red nations are not recognized by the United States and are not involved in the disarmament negotiations.

Presumably the United States feels that excluding certain Western bases from inspection would offset the possibility that an attack might be mounted from Red China or some other Communist Asian nation.

Russia has contended that she could be in danger of attack from Africa and the Middle East while holding inspection rights over Europe and North America.

Zorin sought clarification on two other points:

1. Why did the Dulles plan rule out creation of an inspection plan covering only Europe—and make this conditional on the creation either of a zone centering in the Arctic Circle or a broader zone embracing almost all of North America and the Soviet Union?

2. Did Dulles propose that Russia and the West cooperate in setting up air and ground inspection before or after a first-step disarmament treaty comes into force?

To the first question, Stassen said the European governments did not feel they would be adequately protected by a zone only embracing Europe. These governments, he added, had the "logical and natural feeling" that, to be effective, the plan would have to embrace areas of the United States and Russia proper.

Stassen replied to the second query that Dulles envisaged East-West cooperation on the inspection plan both before and after any disarmament pact goes into effect.

Before the treaty takes effect, he said, Russia and the West would have to cooperate in working out inspection plans. Later, he added, they would have to cooperate in putting the plan into force.

14-Year-Old To Get Reward For Her Honesty

SAN FRANCISCO (AP)—S. L. Sainer of Phoenix, Ariz., is going to get back the \$1,200 he lost at San Francisco's International Airport and the 14-year-old daughter of a fireman is going to get a \$100 reward.

Sainer—who had been visiting his daughter Mrs. A. E. Smoot in San Jose—first missed the money Monday as his American Airlines plane was approaching Phoenix. He had the plane searched unsuccessfully and then telephoned his daughter.

The airport, after waiting 24 hours just to be sure it was Sainer's money and nobody else's, relayed him some joyous news yesterday.

The fat wad of money was spotted on the airport hallway floor by Anne Marie Venturi, 14, almost at the very moment Sainer was boarding the plane.

"It was all folded up and people had been stepping on it," she said.

"But I saw that it was a picture of a building, so I picked it up." The building was the White House—on a \$20 bill.

She agreed with her father, Fire Capt. A. J. Venturi, that the only thing to do was to turn the money over to airport officials.

Sainer in Phoenix said that he's going to give Anne Marie \$100 for her honesty.

Graciously Pays Parking Ticket

DENVER (AP)—Cyril S. Clement's automobile was ticketed for being parked in a block where street cleaning crews were at work.

He sent a \$2 check for his fine with this note:

"No sign was seen when I did park.
"No light to warn me in the dark.
"No thought of moving car next day.
"No reason why I shouldn't pay."

Graham Ends 12 Weeks Of New York Crusade

NEW YORK (AP)—Evangelist Billy Graham wound up the first 12 weeks of his New York crusade last night.

He told his Madison Square Garden audience: "God has given to New York City 12 weeks of the greatest opportunity ever in the history of the Christian church."
"God is going to hold responsible every Christian in this city," he said, "and at the judgment those who are faithful will be rewarded."

Last night's attendance was 18,000. That brought the total for the crusade meetings in the Garden to 1,415,000.

At Graham's call, 626 persons went forward to make "decisions for Christ." "Decisions" for the 12-week period total 43,010.

The evangelist also discussed plans for a youth week at the Garden starting next Sunday. He said he believed the youth week could "become a great effort in counteracting teen-age violence."

The crusade continues to Sept. 1.

Woman Struck, Killed By Passenger Train

ST. LOUIS (AP)—A 50-year-old Passeeau, Fla., woman was struck and killed by a Missouri-Pacific passenger train yesterday in suburban Kirkwood, police said.

Authorities identified the victim from papers in her wallet as Mrs. Margie Sharp and said she walked away from Barnes Hospital here yesterday morning.

The fireman, Garland Anderson Jr., told police he saw a woman appear from a clump of weeds beside the track and stop and look around. Curvature of the track serving her further, he said.

Anderson notified police who went to the scene and found the mangled body.

An inquest has been set for Friday.

Marine Regiment To Transfer From Japan to Okinawa

WASHINGTON (AP)—The Pentagon said today the 9th Marine Regiment will be transferred soon from Japan to Okinawa.

Formal announcement of the departure of the last ground combat force from Japan was delayed until this week to avoid any possible effect on the Okinawa elections held several days ago.

The Department of Defense said an advance party of the reinforced regiment, which has a strength of about 7,000 men, will leave Japan for Okinawa in a few days to prepare for the transfer of the main body of troops.

The departure of the regiment from Japan will leave the U. S. forces in that country: the 3rd Marine Air Wing, numbering about 6,400 men; a U. S. Navy establishment of some 7,000; Air Force units totaling about 50,000; and 17,000 Army support and caretaker troops.

That remaining U. S. military strength of about 80,400 will be further decreased in the coming months. President Eisenhower told Japan's Prime Minister Kishi June 21 that all American ground troops would be withdrawn from Japan by the end of the year and that the total number of uniformed Americans in that country will be substantially reduced.

The 9th Marine Regiment, commanded by Col. Clyde R. Nelson of Peru, Ill., will join its parent unit, the 3rd Marine Division, in Okinawa.

Steps Up Police In Anti-Bombings

HAVANA (AP)—President Fulgen- cio Batista last night promised a stepped-up police campaign against bombings and other acts of violence in restive Cuba.

Incensed over yesterday's bombing of a 5-and-10-cent store in downtown Havana, Batista declared in a statement it is the duty of all Cubans to act against the opponents of his regime and against those who shelter and support them.

Seven persons were injured in the five-and-dime blast, three of them seriously.

House Blocks Plans For Modern Chapel At Air Academy

WASHINGTON (AP)—For the second time in two years, the House has blocked plans to build a modernistic chapel at the new Air Force Academy.

Subject to a roll call vote today, the House decided 102-53 yesterday to forbid use of funds in a money bill to build the chapel as it is now designed.

Widespread protest in 1955 against the original design of the chapel caused the Air Force to abandon those plans and to await further action by Congress before building the chapel at its academy

at Colorado Springs, Colo. For a time, the entire academy project was threatened then.

The Air Force came back this year with new plans and a request for three million dollars to start the project, but the House said no.

The Man With Partial Plate Finds Chewing Gum Difficult

By HAL BOYLE
NEW YORK (AP)—In this civilization a middle-aged man can have many adventures.

He can float on a raft to the flowery isles of the South Pacific.

He can discover a misprint in the Long Island Rail Road timetable.

He can perhaps even find a new true love.

But—if he's 46 and got a partial plate—I'll tell you one thing he can't do. He can't chew gum and feel any younger.

Ever since I had my four upper front teeth pulled some weeks ago, envious strangers have stopped me in the street to find out what the result was.

Frankly, I feel it's the kind of thing that ought to happen to a stranger—but, please, not me again.

For the dentist replaces your lost ivory teeth with plastic copies that bear about the same relation to your original teeth as Benedict Arnold does to George Washington.

Your friends who have lost all of their teeth may counsel, "There's nothing to it. Don't worry. You'll never know the difference."

They may brag they can eat anything they want. The fact of the matter is that seven out of eight times they will order chicken à la king. They always unconsciously are saving their molars to bite a better meal. It must be that. They certainly aren't using them.

Each piece clung to the denture deeper so that finally I could no longer either whisper or lip—I was silenced behind a silent elastic curtain. A glum gum curtain.

Let others falsely praise the virtues of false teeth. I'll tell you the truth.

A man who cannot chew gum is not free. He is a prisoner of time, and he is a prisoner forever.

A man who has 32 false teeth—in inflation times you even buy false wisdom teeth—may say he can't tell the difference between his fine new bought chompers and the ones he pulled out. All I can say is that he is gifted with a remarkable lapse of memory.

Myself, I am only missing my four front upper teeth, like I said, but I'll tell you it's like a boy losing four mothers right in a row and all of 'em his.

A man with a partial plate feels like he has a mouth full of marbles but, unlike Demosthenes, this sensation doesn't encourage him to further oratory. The small new whistle in his speech, which yesterday he thought would be gone by tomorrow, is still there next week. He begins to hate the letter "S."

He has to. For if he pronounces it clearly he inadvertently whistles so that self-conscious lady passers-by are blushing and indignantly sure he is making overtures to them—which he sure ain't. Or else, if he avoids the whistle, he ends up with a lisp.

But a worse blow to the self-respect of a man with a partial plate comes when he tries to chew gum for the first time—which is usually the last time.

I just finished making this effort. I started with one piece and went on, piece after piece, until I had the whole package in my mouth.

Each piece clung to the denture deeper so that finally I could no longer either whisper or lip—I was silenced behind a silent elastic curtain. A glum gum curtain.

Let others falsely praise the virtues of false teeth. I'll tell you the truth.

A man who cannot chew gum is not free. He is a prisoner of time, and he is a prisoner forever.

OBITUARIES

Mrs. Gertrude Tegtmeyer. Mrs. Gertrude Tegtmeyer, 89, died at 8:15 a.m. Tuesday, Aug. 6, at the home of her daughter and son-in-law, Mr. and Mrs. George Mehan four and one-half miles northeast of LaMonte.

Funeral services will be at the Mehan home north of LaMonte at 1 p.m. Friday, with services to follow at St. Paul's Evangelical and Reformed Church at Blackburn, Mo., at 2:30 p.m., the Rev. A. F. Klemme, Sedalia, assisted by the Rev. F. C. Rueggeberg, will officiate.

Pallbearers will be grandsons. Mrs. Tegtmeyer was born at Pyramont, Mo., daughter of the late Frederick and Metta Brunges Bauer.

On Nov. 24, 1887, she was married to August Tegtmeyer Sr. They made their first home in Morgan County near Pyramont and in 1903 moved to a farm in Saline County east of Grand Pass. In 1917 they moved to a farm in Pettis County north of LaMonte and in 1920 they moved to Blackburn, Mo., and from there back to Pettis County in 1930 where she had made her home since.

Mr. and Mrs. Tegtmeyer were the parents of eight children. Her husband, a son and daughter, and three grandchildren preceded her in death.

Surviving children are Mrs. Pauline Mehan of the home; Mrs. Minnie Opler, Marshall; Henry Tegtmeyer, Ozark, Mo.; Otto A., August F., and Herman Tegtmeyer, LaMonte; 14 grandchildren, eighteen great-grandchildren; four sisters and two brothers, Mrs. Henry Meyer, Cole Camp, Mo.; Ed Reith, Sweet Springs, Mo.; Elbert Mahnken, Waverly, Mo.; Miss Katie Bauer, Concordia, Mo.; Fred Bauer, Stover, Mo.; and August Bauer, Bellevue, Neb.

Mrs. Tegtmeyer was baptized and confirmed in the Evangelical church and was a charter member of the St. Luke Evangelical Church, Grand Pass.

As long as health permitted she attended the Immanuel Evangelical and Reformed Church, Sedalia.

The body will lie in state at the Mehan home Wednesday evening.

Burial will be in the family lot at Blackburn, Mo.

Mrs. Cora I. Atkinson. Mrs. Cora I. Atkinson, 302½, South Grand, died at 4:45 p.m. Tuesday at St. Mary's Hospital, Rochester, Minn., where she underwent surgery the past week.

Mrs. Atkinson was the widow of Edwin K. Atkinson who died in 1915.

She was the mother of Mrs. Herbert U. Hunt, 916 South Harrison, and came to Sedalia in 1925 after her daughter and Prof. Hunt, superintendent of Sedalia schools, came here to reside. She and Mr. Hunt were with her at the time of death.

Surviving are: Mrs. Hunt; a sister, Mrs. A. L. Davis of the home; another sister, Mrs. D. J. Cravens, Lincoln, Neb.; a grandson, Robert Atkinson Hunt, Washington, D. C.; and two other grandsons, Michael and Stephen Hunt; and several nieces and nephews. Preceding her in death were two brothers and two sisters.

The body will arrive Wednesday evening and be taken to the McLaughlin Funeral Chapel where funeral services will be at 2 p.m. Friday, the Rev. H. U. Campbell, a former pastor of the old Fifth Street Methodist Church here, will officiate.

Miss Dorothy Ann Reed will play organ music.

Burial will be in the Fleming family lot in Deepwood Cemetery, Nevada, following the services here, a graveside service to be held there.

News of Fair
Delivered At
Optimist Meet

Joe Byrne, chief clerk at the Missouri State Fair, was the speaker at the Optimist Club noon luncheon Tuesday. Byrne gave a resume of the busy preparations being made at the fair grounds for the half-million people expected to attend. He stated that the advance sale of admissions were running 25 per cent ahead of last year's record attendance. Entries in the various show classifications are presently 10 per cent better than last years, and that everything indicated one of Missouri's best and biggest fairs.

Byrne stressed in particular the gain in entries in the horse show, and said that the number of fine show horses to be on hand would approximate three times that of any previous fair. The Coliseum housing the horse show has been partially air conditioned for the comfort of those attending. Other improvements include major repairs to buildings, street resurfacing, repair to the race track, and a well planned lawn and landscaping program which beautifies the grounds.

The Grand Circuit is back this year as a feature of the fair, and improvements have been made in that department along with the speed department. The old building located south of the grandstand, formerly used as a combination of offices for various activities has been removed to the east side of the oval where a private entrance has been constructed for the grand circuit people. This will make their attendance and activity much more convenient to them.

Besides the Sunday morning religious services for all faiths, new attractions are a milking barn where the viewer can watch the processing of milk from the cow to the consumer, an expanded Ice Follies, an increased health program for mothers and babies, the appearance of TV stars Pinky Lee and Brenda Lee, and many other new and interesting agricultural and industrial exhibits.

Byrnes said that over \$75,000 has been spent in improvements this year, and emphasized that the management had endeavored to let most of the contracts and make most of the purchases within Pettis County where the fair is located. He expressed the appreciation of the management for the cooperation of local business men and residents of the county in the planning of this year's fair.

Frank Mehl, program chairman, introduced the speaker. Claude Bou, club president, was presented a life membership in Optimist International by past singing was led by Charles Hanna, the invocation was given by Dr. Blaich, with Lillian Fox at the piano.

British Ship in Port
After Being Hit
In Chinese Gun Duel

HONG KONG (AP)—The British freighter White Bee arrived in Hong Kong today with a gaping hole in its superstructure. A direct hit by Nationalist Chinese artillery did the damage when the ship was caught in a gun duel outside Amoy.

Nationalist guns on Tatan Island opened fire in an attempt to stop the ship from leaving the Red Chinese port. Communist shore batteries returned the fire.

One direct hit pierced its heavy steel sides. One crew member was slightly injured.

tact. The nose of the plane was not destroyed by the fire.

While one crew of firemen were fighting the flames, others worked their way into the blaze and extricated the bodies of the two crewmen.

The Warrensburg and Knob Noster fire departments learning of the crash sent one of their trucks to the base to give any assistance they could furnish. The run was made under the reciprocal agreement between the fire departments of the Whiteman AFB and the two towns.

The families of the two deceased crewmen and those injured were notified by the Base Chaplain.

Only last month was the 340th Bomb Wing honored by the presentation of the Strategic Air Command's Flying Safety Award. Since 1954 when aircraft were assigned to the Whiteman AFB, three aircraft accidents of any serious nature have resulted in the loss of life.

Whiteman's first tragic crash was on Feb. 23, 1955, when a KC-97 refueling tanker crashed in a field after a takeoff to the south. In this accident nine persons lost their lives and two crewmen parachuted to safety.

On Feb. 27, 1956, a B-47 bomber crashed north of LaMonte resulting in death for the four crew members. This same day, a KC-97 refueling tanker made a forced landing near Grandview, Mo., but no fatalities resulted.

Capt. Herman C. Hauser, 42, and his family resided at 1636 West Fifth street, recently moving there from 2436 West Third.

He is survived by his wife, Virginia E. Hauser, and one son, John Douglas, age seven. Also surviving is a brother in El Reno, Okla. His parents are deceased.

His home was formerly Aurora, Mo.

Maj. William E. Bradbury, 40, and his family resided at 800 East Clark in Warrensburg.

Surviving him are his wife, Dorothy A. Bradbury, and their four children, William B., 7, Virginia, 5, Gary K., 3, and Tim, 1. Also surviving is his mother and sister at Baytown, Tex.

The bodies were taken to the Brauningers Funeral Home in Warrensburg following an autopsy at the Whiteman AFB hospital.

• Accidents

Mr. and Mrs. Weaver Morgan and granddaughter, Edith Ann Morgan, 15, California, were injured Sunday evening at 6:55 p.m. when the automobile they occupied, and which was being driven by Morgan was in collision with a 1956 Ford sedan driven by Roy Campbell, Kansas City. The accident happened in California.

Edith Ann Morgan, suffered cuts on her right cheek, an injury about the right eye and head, and was in shock for a time. Mrs. Morgan sustained a cut forehead and Morgan a bruise on his nose. Campbell and a companion in his car were uninjured.

Both of the cars were considerably damaged.

The wreck was investigated by Trooper George Hamilton.

Mrs. John Routt was injured last week while using a power mower to cut grass at her home east of Ottaville. The mower struck a rock which flew back and cut a nerve in her leg.

Reports 200
Cases of Flu
In Missouri

JEFFERSON CITY (AP)—Dr. H. M. Hardwicke, Missouri state health director, reported 200 cases of Asiatic flu have turned up in the past two weeks and said a serious epidemic is possible if not probable in the fall and winter.

He announced public health officials from Missouri, Kansas, the U. S. Public Health Service and the American Medical Assn. will meet in Kansas City next Sunday to plan preventive measures.

"We can't hope to vaccinate everybody," he declared.

Most of the Missouri cases have been at boys camps, produced temperatures of around 103 degrees and lasted three to five days.

Small amounts of vaccine are expected to be available this fall with an expanded output by February.

Dr. Hardwicke noted in his monthly report to the governor that 3,500 persons were vaccinated at immunization clinics in the Cape Girardeau area after one case of smallpox was reported there recently.

New Job Seen In Russia For Ousted Heads

WASHINGTON (AP) — Diplomatic officials speculated today that new jobs may be in the offing for Soviet Premier Nikolai Bulganin and Defense Minister Georgi Zhukov. The speculation about another Kremlin shakeup was inspired by the circumstances surrounding party boss Nikita Khrushchev's rendezvous in Romania last Thursday and Friday with Yugoslav President Tito.

Bulganin missed those talks — believed to have dealt with prime satellite political topics — and also was omitted from the list of officials joining Khrushchev in a scheduled visit this week to East Germany.

Speculating on new Kremlin moves is an uncertain business at best, diplomatic officials conceded, but they hazarded guesses that:

1. Bulganin, noticeably shrinking in prominence since Khrushchev thwarted an attack on his leadership last June, might be kicked upstairs to the presidency. This powerless post now is held by the aging Klement Voroshilov.

2. Zhukov, President Eisenhower's World War II comrade in arms, might succeed Bulganin as premier, giving Khrushchev a chance to cash in on Zhukov's high personal popularity with the Russian people and making official a general belief that Zhukov now rates second only to Khrushchev in Russian power.

But there has been speculation abroad that the premiers might go instead to Anastas Mikoyan, the deputy premier and economic expert named to accompany Khrushchev to East Germany.

The State Department yesterday declined comment on such speculation.

Bulganin is widely reported to have sided with deposed Soviet leaders Georgi Malenkov and V. M. Molotov during the fateful Cen-

Tries to Regain Job At State Prison

JEFFERSON CITY (AP) — L. W. Fitzpatrick has decided to appeal to Circuit Court in his fight to regain his job as chief engineer at the State Penitentiary.

He announced Monday an appeal would be filed, probably next week, challenging the action of the State Personnel Advisory (merit system) Board in upholding the ouster action of Col. James D. Carter, state corrections director.

Fitzpatrick said the testimony at a hearing July 12 refuted Carter's charges that he failed to do his job properly. He renewed his countercharges that Carter's action was "premeditated and entirely for personal and political reasons."

ral Committee struggle last June 22-23. Ever since, he has taken a conspicuous back seat.

Zhukov, on the other hand, reportedly helped Khrushchev win in the struggle for power, and apparently has gained stature since.

Best Things Free? Bah!

Staff investigators of the House Appropriations committee have laid it on the line that the armed services are getting away from military austerity and wasting money building fancy houses, officer's quarters, swimming pools, golf links, and other items.

The armed services are beset with a big problem of training technicians at taxpayers expense, only to lose them later to private industry. Better living conditions to attract and keep career men is one reason for this so-called "wasteful" expenditure if the services are to be kept up to standard, according to rebuttal by military men.

What the outcome will be none can predict but the taxpayer is hopeful some compromise may be affected in the present squeeze he finds himself in economically. Everybody talks about taxes, mostly the direct or visible ones such as those on income and property. That's natural enough, for we can actually see and feel the inroads those taxes make. They come out of pocket or are withheld from pay checks, or are a specified part of mortgage installments.

But the tax problems and the tax burden do not begin with direct taxes. Hidden or indirect taxes, which enter into the cost of everything, including support of our military establishments, are a huge item of expense to the American people. At many income levels they are a much larger item than direct taxes. Whatever relief comes out of the appropriations' committee investigation will be a revelation if it brings tax relief, direct or indirect.

Bem Price, an Associated Press News-features writer, has come up with an interesting account of what is involved. As examples, he takes a cheap commodity and an expensive one—a loaf of bread and an automobile. Actually, he says, "Nobody has ever managed to count the taxes included in the final price of either." It's an impossible job.

The Washington Merry-Go-Round

Jury Trial Amendment Political Miracle

By DREW PEARSON
WASHINGTON — It's the unanimous opinion of Senate observers that passage of the jury trial amendment and the civil rights bill without a filibuster can be attributed solely to Sen. Lyndon Johnson of Texas. They also agree that his backstage maneuvering was sheer genius and that he should go down as the greatest political general of all time.

There is no unanimity of opinion, however, on whether the bill, as amended, was good for the United States, good for General Motors, or even good for Lyndon Johnson.

Probably it won't be good for Lyndon Johnson, because what he wanted most of all was to keep civil rights out of the 1958 election debate, and it now appears certain that Republicans in the House or Eisenhower in the White House will block the bill, and it will be thrown into the 1958 maelstrom with a vengeance.

Probably it will be good for General Motors, because under the new bill General Motors would not have to worry too much about the court decree ordering it and Du Pont to separate. It could ignore a court order and take its chances with a jury.

Probably it won't be good for the country, because trial by jury will weaken and perhaps make unenforceable such important laws as the Pure Food and Drug Act, The Antitrust laws, the Minimum Wage Act, the Davis-Bacon Act, the Walsh-Healy Act, and approximately fifty laws which are enforced by court orders. These court orders can now be sidetracked by trial by jury.

However, let's leave to the lawyers the question of whether abolition of our age-old system of court orders should or should not be wiped out. Instead, let's take a backstage look at how Lyndon Johnson accomplished his political miracle.

God and Johnson
"No one except the Lord and Lyndon is sure exactly how he accomplished it," said one senator just after adoption of the jury trial amendment.

This reporter pretends to have no divine power of perception. But here are some of the techniques by which Lyndon accomplished the miracle—thereby perhaps outsmarting himself.

Simple Techniques — some of his techniques were quite simple. He kept rootin', tootin' professional southerners in the background. He kept moderate liberals and middle-of-the-roaders out in front. When he heard that Jim East-

Summer Gardens

The midsummer slump appears in all sorts of ways, but it can affect the garden seriously if something is not done about it. In some parts of the country there is drought and in other parts too much rain. Both weather conditions can be hard on the garden. The drought can be eased somewhat if one is allowed to sprinkle, but there isn't too much one can do about God's gift of rain, especially when He is most generous.

Then there are the pests, the beetles, the worms and other flower devouring insects to say nothing of those terrible nuisances, the weeds.

To keep a garden in July and August takes extra patience and energy if one would have flowers during these humid and tepid months. If the flowers survive and one can still enjoy their color and beauty, both indoors and out, the spraying, the watering, the weeding and the nurturing seems well worth the effort.

... for in the case of bread alone you would have to trace back to the taxes on the machines that made the machines that harvested the tax-supported wheat, grown on tax-paid land by an income tax-paying farmer."

The same problem arises in the case of the car. However, there are certain taxes that can be accurately totaled up. Mr. Price takes a car carrying a Michigan price of \$2,000. The figurative tax is \$559.83, of which \$488.81 is hidden so far as the purchaser is concerned. Included are estimated taxes on materials and parts, estimated income and other taxes paid by the manufacturer, similar taxes paid by the dealer, and so on. If the car is bought at a distant point instead of Michigan, the hidden transportation tax adds further to the cost.

Going back to bread, Mr. Price quotes the Tax Foundation as counting 151 identifiable taxes which are passed along to the consumer. An authoritative estimate holds that taxes take about \$1 for every \$5 spent on food. Searchers have run down 116 taxes on a man's suit, 600 on a house and 150 on a woman's hat.

Dickson J. Preston of the Scripps-Howard staff also has produced an interesting piece on hidden taxes. He says that about 20 per cent of all you spend is absorbed by taxes, and in the case of many items the proportion is much higher—nearly nine-tenths of the price of a bottle of whisky, for instance. And he quotes another Tax Foundation report, concerning a man earning \$4,500 a year. This man pays a total federal, state and local tax bill of \$1,393. The visible part of that is only \$387. The invisible part is \$1,006.

The moral is found in Bem Price's last paragraph: "The man who wrote that song about the best things in life being free had better have another look. He might change his tune."

land of Mississippi was about to make a speech he went to Byrd of Virginia and Russell of Georgia and shut Eastland up. He had O'Mahoney of Wyoming, Church of Idaho, and Ke-fauver of Tennessee carry the ball on amendment.

Young Church, baby of the Senate, made his two amendments with careful coaching. When Bobby Baker, secretary of the Senate Democrats, sometimes called "Lyndon, Jr.," went over to him on the Senate floor, Church rose and introduced the amendments putting Negroes on juries and extending jury trials to all criminal contempt cases. It was Church who made the speech, but it was the hand of Johnson that gave the cues.

Counter-Intelligence Techniques — Johnson knew what was going on inside Republican ranks. He knew how some administration senators were kicking over the traces. When GOP senators held a secret caucus and Hickenlooper of Iowa complained that the civil rights bill trampled on the rights of white people, Lyndon knew it. He also knew that Senator Dirksen of Illinois complained that the administration had ample power to enforce the voting rights of Negroes without passing a bill. He also knew that only two Republican senators — Javits (N.Y.) and Case (N.J.) — defended the bill in caucus.

Quicker-Than-the-Eye-Techniques — Lyndon also practiced some mysterious techniques that few people knew about. For more than a week before, he was holding the short end of every straw poll. GOP leader Knowland had 38 Republican votes in his pocket. Senator Douglas of Illinois, leader of Northern Democrats, had nine Democratic votes.

This was why Johnson began stalling for time, asked the Senate to consider important pending bills and appropriations. He knew if the vote was held then, he was licked.

But one night before the crucial roll-call, Lyndon and Sen. Dick Russell, leader of the southern forces, huddled in the Senate cloak-room.

"I am ready to vote," reported Russell. "We've got 50 votes."

Though Russell did the reporting, it was Johnson who had won over the votes.

On the final roll-call, Russell and Johnson did one better. They got 51. Senator Douglas came through with his nine liberals against them. They stood firm against the jury trial amendment. But the Republicans didn't. Lyndon had pickpocketed five Republican votes from Knowland. He virtually took them out of the GOP leader's pocket and Knowland didn't know it until it was too late.

How did Johnson do it? The story requires more space and will be told tomorrow.

Merry-Go-Round

When the crucial civil rights voting was over Senator Dick Neuberger of Oregon remarked to Johnson's assistant, Bobby Baker: "That was the greatest Little Red Riding Hood act I have ever seen. Lyndon kept Eastland and Stennis in the wings and Kefauver, Church, and O'Mahoney before the footlights. All you could see was the bosom, not the fangs." ... One thing that influenced Sen. Frank Church to propose his two jury trial amendments was the reading of speeches by the late Senator William Borah, also of Idaho, who, during debates on the Norris-LaGuardia act, favored trial by jury in labor injunction cases. Borah is revered as the greatest of Idaho senators. Any young senator would want to follow in his footsteps.

The World Today

Are Democrats Smart On Civil Rights?

By JAMES MARLOW
Associated Press News Analysis

WASHINGTON — Democrats have maneuvered the Republicans into a position where they may decide it's necessary to kill the civil rights bill or let it die. Was this politically smart?

By their tactics Democrats avoided a party split. But Southern Negroes lose if the bill doesn't become law. And Northern Negroes, whose vote is becoming increasingly important to both parties, will watch what happens now.

On the voting to date on this bill in House and Senate—from a Negro viewpoint—the Republican record is better than the Democratic showing although the Negroes know the Republicans also had political motivations.

Under President Eisenhower's urging, the House in 1956 passed a bill identical with the one offered this year. But it died in the Senate in 1956, bottled up in the Judiciary Committee. That group is headed by Sen. Eastland, Mississippi Democrat and one of the most strenuous foes of civil rights legislation.

The House passed the same bill again this year. The vote: 168 Republicans and 118 Democrats for it.

Looking Backward...

TWENTY-FIVE YEARS AGO

Joseph T. Robinson, U.S. senator from Arkansas, was a Sedalia visitor, playing an important part in the Democratic campaign. The vice-presidential candidate of 1928 predicted a Democrat victory in the general election in November.

1932
Billy Gunod, aged 4, died Thursday evening at Bothwell Hospital from injuries received when struck by a motorcar as he ran from behind a parked car into the path of one approaching. The car was driven by W. H. Reeve, Kansas City.

1932
Mr. and Mrs. Walter Moore, Cleveland, O., left for their home after attending funeral services of Mr. Moore's brother, Del Moore.

1917
The Rev. and Mrs. Dwight H. Willett and son, Marshall, 511 West Broadway, arrived home from a vacation visit with relatives in Owensboro, Ky., Knoxville and other points in Tennessee. Rev. Willett was pastor of the First Baptist Church.

FORTY YEARS AGO

Eight shiny new police stars numbered 11 to 19, skipping No. 13, were received by express by John H. Burger, chief of police, to adorn the chests of Sedalia patrolmen. The cost was \$20, or \$2.50 each.

1917
The Rev. A. Sterling, chaplain of the Missouri penitentiary, was here from Jefferson City visiting his brother-in-law, W. H. Buckley and family, 1503 South Stewart.

1917
H. F. Anderson, general manager of the MKT, arrived Monday from Parsons, Kan., in his private car "404" for a short visit on company business.

1917
F. L. Ludemann and son, Fredrick, West Fourth, left for a trip of a few weeks through Kansas and Colorado, taking with them tents and camping equipment to be used at various places they desired to visit.

it, only 19 Republicans, but 107 Democrats, against.

Once more an identical bill was bottled up in Eastland's committee, with no prospect of its ever getting out on the Senate floor for a vote. Usually such a bill doesn't get to the floor until sent there with committee approval.

The Senate Republicans stunned the Democrats by proposing to bypass Eastland's committee and bring the House-approved bill directly to the Senate floor. The proposal won. The vote: 34 Republicans and 11 Democrats for it; only 5 Republicans, but 34 Democrats, against.

The Democrats had an immediate problem. The Southern Democrats as usual wanted no civil rights legislation, talked of a filibuster to kill the bill. If the Northern Democrats sided with the Republicans it might split the party.

By making concessions to the Southerners—in return for some—they could not only avoid a party split but—if the bill ever did pass—claim equal credit with the Republicans.

First, the Southerners demanded Part 3 of the four-part bill be thrown out entirely. They said the bill, in cunning language that concealed the broad scope of it, would give the government vast new and punitive powers against the South.

The Southerners won. Part 3 was thrown out. The vote: 18 Republicans and 34 Democrats for killing it; 25 Republicans and 13 Democrats against.

Then the Southerners turned to Part 4. This involved voting rights only. When those rights were violated it would let the attorney general get a court order to stop the violations.

Anyone disobeying could be tried by the judge, without a jury, and jailed for civil contempt until he complied. If it were too late to comply he could be jailed under a

Dr. Jordan Says

Most Important Step In Asthma Is Finding Cause

By Edwin P. Jordan, M. D.

Asthma is usually included among the allergic diseases. Certainly the most important cause of asthma is sensitivity to inhaled dust, including pollens, molds, animal danders and household dust, with foods and drugs sometimes responsible.

The principal feature of asthma is shortness of breath with a wheezing type of breathing. Frequently asthma comes in attacks with freedom from difficulty in between. Sometimes it is continuous. It is always uncomfortable for the victim and distressing for others to watch an attack.

Even when asthma results from long-time hay fever or some other exposure to foreign substances much can usually be done. The first and most important step is to identify the cause. This can frequently be done by studying the history of the attacks of asthma.

For example, a youngster who gets attacks as soon as he starts playing with a dog is in all probability sensitive to the dog dander. Other methods of identifying the cause include skin tests (not always completely reliable) and trial and error exposures of the asthmatic individual to suspected substances.

Treatment includes those methods which are used for the individual attack and those which are used to try to prevent or lessen future bouts of asthma. The treatment of an acute phase of asthma certainly requires professional ad-

vice. The basic treatment of the disorder depends on the cause: If the victim can be removed from the cause or the cause from the victim, much improvement will result.

Occasionally someone with asthma can be desensitized by being given small and increasing quantities of the offending substance. Also, since asthma is often complicated by infections, an effort should be made to attack any infection present. Frequently the general health influences the severity of asthma so that every effort should be made to build up the general condition.

There are, of course, many medical measures used in asthma, including various types of injections, the use of iodides and more recently the sometimes highly effective results of the use of cortisone, ACTH or related preparations.

This was lawmaking with a blunderbuss, since those who voted for the amendment couldn't possibly know the full effect of what they did. Every federal court and every government regulatory agency which depended on federal court orders to back up its rulings would be affected. At least 40 separate laws would be affected. No one yet knows the full number.

This went so far beyond a civil rights bill to protect Negroes' voting rights—and so deeply involved the government's operations—that Eisenhower reportedly made up his mind to kill the bill with a veto unless it is changed by a Senate-House conference.

That would require that the Senate—meaning Senate Democrats—back down and agree to a much less sweeping bill. If Northern Democrats back down too much to meet Eisenhower's demands, Southern Democrats no doubt will filibuster. Again Democrats would face a party split.

Negroes will be able to decide for themselves—if once more they get no civil rights legislation—who's responsible. Their vote in the 1958 and 1960 elections in the North could, if voted solidly, be quite a factor.

Congressional Hearings Start On 'Get-Slim' Aids

By Esther Van Wagoner Tufty
Of Our Washington Bureau

WASHINGTON — Fatties, beware of those "body beautiful" pills! Congress has come to the rescue of the Plump Ones beguiled by the fraudulent "get slim quick" advertisements of diet pills, candies and gum.

Hearings have started before the Legal and Monetary Subcommittee of the Government Operations Committee to discover just how misleading are the advertised claims of get-slim aids, some of which promise "a loss of seven pounds in first week or your money back."

Doctors have been called to testify as to the efficacy of various diet medicines which result according to one ad "in never a hungry moment."

Many varieties are on the market.

1. There's an ingredient called propadrine-hydrochloride, an appetite depressant. The committee

staff has discovered that in the amounts purchasable across a counter the effects are not rewarding. Doctors doubling the dose have "had some success" in reducing the weight of patients. This variety is a big seller.

2. Candy reducers. One of the best known kinds, which was examined by the Federal Trade Commission back in 1946 and an order to cease and desist was issued, but the case was thrown out by the courts.

3. Chewing Gum. One mentions a "slim flavor."

4. Diuretic ingredient which takes the moisture out of the system and causes an encouraging quick loss, but it returns when water is consumed later. One of these claims "70 per cent of fat in the body is fluid."

5. High protein pills. Sometimes made of dried egg white or dextrose. The theory is that if taken 20 minutes before eating the blood sugar increases to cause loss of appetite.

The sale of some 37 of the fat reducers have already been curbed as a result of a cleanup by the Postal authorities, but that does not mean they can not be sold across the counter.

John A. Blatnik is chairman of the subcommittee.

Other members are: Republicans George Meador of Michigan, William E. Minshall of Ohio, H. Allen Smith of California; Democrats Joe M. Kilgore of Texas, Martha Griffiths of Michigan and Porter Hardy of Virginia.

Ex-officio members are chair-Democrat William L. Dawson of Illinois and Clare E. Hoffman of Michigan, ranking Republican.

Thinking It Over

By Robert L. Dieffenbacher, D.D.

God is the Alpha and the Omega, the beginning and the ending. Almost everyone looks vaguely back to the Creation and gives the credit to the Supreme Being. Likewise people consider God when they think of the end of the world or of the end of their lives.

Many folk go through life with a vague thought of God. Yet when they have to face death, they review their errors, their shortcomings, and their failures. It is then that they turn to God and seek His presence and His strength.

We must not wait until the end of life to live with God. We must have His presence and His leadership from the beginning to the ending. God must be the Beta, Gamma, Delta and all the other steps between Alpha and Omega.

May Impound Ballots In Steel Election

WASHINGTON — The Senate Racke's Committee reportedly has asked all locals of the United Steelworkers to impound ballots used in President David J. McDonald's re-election six months ago.

Letters have been written by committee counsel Robert F. Kennedy to the union's more than 2,500 locals, it was learned, asking that the ballots be preserved beyond the Aug. 12 date fixed in the union's constitution as the time they could be destroyed.

McDonald, who won the election by an announced margin of nearly 2-1, issued a public statement several months ago pledging full cooperation in any investigation the committee might undertake.

Donald Racke, his opponent, a steelworker from McKeesport, Pa., claimed when the union election results were announced there had been "irregularities."

He contended McDonald had used union funds in campaigning against him, but McDonald denied this.

Racke and a group of fellow USW members have conferred here with Committee Chairman McClellan (D-Ark) and with Sen. Mundt (R-SD), another committee member. McClellan said the committee eventually will get around to investigating Racke's complaints.

Testimony May Reveal Stockpiles

WASHINGTON — The House Armed Services Committee has published testimony which may disclose for the first time the locations of six secret stockpiles of atomic weapons in the United States.

Such information has been closely guarded in the past.

Testimony released by the committee over the weekend showed the subject came up in a routine session when Brig. Gen. William R. Shuler was asked why more money was needed for entertainment at bases operated for the Armed Forces Special Weapons Project.

Shuler, Army construction director, replied that the special weapons project was charged with providing "technical, logistical and training services" to the military.

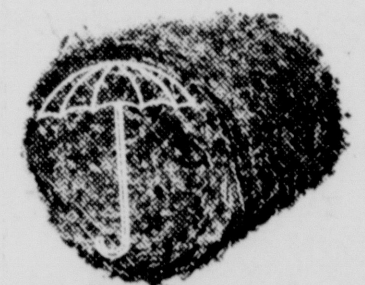

And he added, the project also was responsible for "all national stockpile sites" for atomic weapons and for some testing areas. The men stationed at project bases, the general said, are on "24-hour mission . . . and are not allowed passes in general."

Then, without specifically saying the bases were atomic stockpile sites, the general named six bases scheduled to get snack bars and other off-duty entertainment facilities:

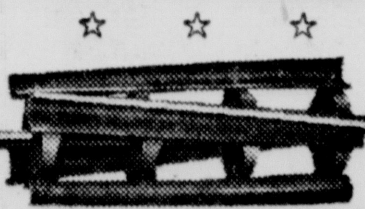

Clarksville in Montgomery County, Tenn., near Ft. Campbell, Ky.; Killeen near Ft. Hood, Tex.; Bossier in Bossier Parish, La.; Medina near San Antonio, Tex.; Lake Mead near Las Vegas, Nev.; and Manzano near Albuquerque, N.M.

Outlook for August

The weather maps below give the U.S. Weather Bureau's long range forecast from now until September. It is not a specific forecast in the usual sense, but an ESTIMATE of the average temperatures and precipitation for the period.

Precipitation amounts for August are expected to equal or exceed normal over most areas east of the Appalachians and provide relief from the drought which has prevailed over much of this area. Above normal rainfall is also anticipated for the Southern Plateau and coastal areas of the Pacific Northwest. Subnormal rainfall is indicated over the Central and Southern Plains. Elsewhere normal amounts are predicted.

August temperatures are expected to average below seasonal normals from Ohio and Lower Mississippi Valleys eastward to the Atlantic Seaboard. Below normal is also predicted for central and northern areas west of the Continental Divide. Above normal temperatures are in prospect for the central third of the nation with greatest departures over the Northern Plains. In areas not specified near normal is indicated.

Firemen Save Child From Chimney Shaft

BAY CITY, Mich. — For a tense half hour yesterday, firemen took apart a portion of a home foundation.

Then they reached in and tenderly removed 3-year-old Glenda McPhee to safety from an abandoned chimney shaft which might have been a death trap.

Today, she was reported little the worse from the experience, though having suffered shock.

Earlier in the afternoon, Glenda, daughter of Mr. and Mrs. Glen McPhee, stepped into the shaft in the attic of their home and fell 18 feet between the walls of the house and into the basement, wedging tightly in an 8-by-12 inch opening.

Three companies of firemen,

'Woman Like That Shouldn't Be Driving'

BINGHAMTON, N.Y. — Motorcycle patrolman Robert Stump complained that "a woman like that oughtn't be allowed to drive" as he reported that Mrs. Yvonne Clary, 33, of Whitestone, Queens:

1. Roared along a city street at 90 miles an hour; outdistanced him in her 1937 automobile when he chased it.

2. When finally stopped and asked for license and registration, sped away a second time.

3. Was caught in New Milford, Pa., after state police there and in New York had been asked for aid.

4. So far has ignored a summons issued on a charge of speeding.

Sprays the Termites; Gets the House Also

CHARLESTON — Mr. and Mrs. E. B. Null said the exterminator destroyed the termites as requested. The only trouble was the house was destroyed, too.

The Nulls filed a \$25,000 suit in circuit court against the West Virginia Termite Co. and an employee, Frank Leach.

Leach went to the Null residence at nearby Tyler Mountain April 2 to spray for termites. The couple said he sprayed a chemical beneath the house while a pilot light was burning in a floor furnace.

The chemical spray ignited and the house was destroyed in the resulting fire, the Nulls said in their suit.

Law Gets Tougher For Pistol-Toting Texans

HOUSTON, Tex. — The law is the more serious charge—murder getting tougher on pistol-toting or assault to murder—but too many defendants go scot free when the grand jury refuses to indict them, he said.

Police Chief Carl Shuprine, alarmed at the 87 fatal shootings in Houston this year, said all defendants involved in shootings in which someone is wounded or killed, also will be charged with illegally carrying a gun. "In the past, we have filed only

The Civil War had struck Missouri. Col. William Anderson, Southerner, owner of the house, had left. Now, Sept. 18, 1861, despite its use as a hospital by Union Col. James Mulligan's "Irish Brigade," the bullet-pocked, two-story brick mansion was captured and recaptured, finally falling to superior Confederate forces under Gen. Sterling Price. Missouri's bloody Battle of Lexington had begun.

Today, in the 18 lofty rooms surrounding the circular walnut stairway, the bullet holes and bloodstains, weapons, photographs and the Andersons' original furniture recall to visitors the old mansion's most violent day.

Get Manager Fired

Kansas City Fans Are Now Full Fledged Major Leaguers

KANSAS CITY (AP)—Kansas City baseball fans have served their apprenticeship and now are full-fledged major leaguers.

They got the manager fired. Arnold Johnson also established himself as a wholly normal major league club owner. He listened to the cries for the scalp of Lou Boudreau and replaced him with Harry Craft.

The exit of Boudreau marks the end of a probation period when he and his ball club could do no wrong, even when they lost 26 to 7. His departure, too, left only two of the old pros who gave Kansas City fandom its first taste of big league baseball at home in 1935.

Only pitcher Alex Kellner and perhaps Gus Zernial can be classed with the big leaguers who were dumfounded that first year by a stadium full of fans without a single boo, even when you struck out with the bases full. The big names of that first year had plump matrons who never saw a baseball game screaming wildly from a new stadium for Enos Slaughter or Elmer Valo to come through with a hit and give the dead old A's a last minute victory.

More often than anyone outside this baseball mad city believed possible, old Enos, the Country

Homer in 10th Gives Chiefs League Win

Barbour's Clout, Kubli's Hurling Stops Jeff City

Don Barbour, hefty Sedalia Chiefs power-hitter, belted a tenth inning home run with one man aboard Tuesday night to lift his team to a 5-3 victory over Jefferson City in a Ban Johnson league game here.

The Chiefs' rangy Clyde Kubli limited the visitors to four hits in going the route for the victory. Dan Casey, Jefferson City's starting hurler, was chased in the eighth inning and relieved by Glen Vanderlicht, who was the loser.

Jefferson City opened strongly, pushing across all three of their tallies in the first inning, while the Chiefs scored single markers in the fourth, fifth and eighth, and followed up with two on Barbour's game-winning smash in the first overtime frame. The loss ended a six-game Capital City winning streak.

Larry Mines belted the only other extra base hit for the Chiefs, a double. Kubli allowed four walks.

Cards Slip To 2nd Place With Defeat

By THE ASSOCIATED PRESS
The St. Louis Cardinals slipped to second place in the National League last night as the Chicago Cubs bombed the Birds, 8-2.

Sad Sam Jones couldn't do anything with his former teammates and finally was shelved out in the three-run seventh inning.

The only bright spot for the Birds was Stan Musial's 25th home run off Bob Rush who allowed just six hits in notching only his second victory of the season.

Bob Speake led the Bruins as he knocked in three runs with a two-run homer and a sacrifice fly. In the first inning with the Cubs ahead, 2-0, two Cards were circling the bases as Del Ennis lined a ball to rightcenter but Speake darted over and grabbed it backhanded at the shoestring level to end the threat.

The A's took the field against the Chicago White Sox last night and presented new Manager Harry Craft with a 3-2 triumph.

Top Middleweights In Bout Tonight

CHICAGO (AP)—Chicago's Spider Webb and Charley Joseph of New Orleans, a pair of leading middleweights, clash at Chicago Stadium tonight.

The 10-round bout will be televised nationally (ABC—8 p.m. CST). Webb, currently ranked No. 6 by the National Boxing Assn., will be out to avenge his defeat at the hands of Joseph a little less than two months ago.

Joseph, 24, has a record of 39-5-1 and owns 16 knockouts.

Grid Officials For Fair Bowl Are Selected

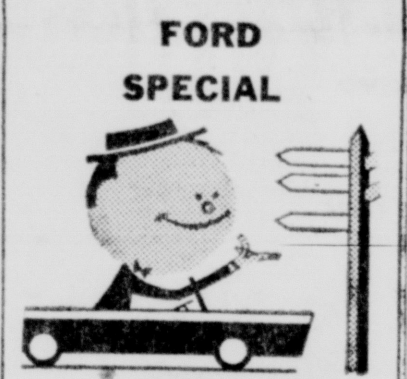

Officials for the State Fair Bowl Football game to be played at the Jennie J. Stadium on Aug. 30 were announced here today by the Sedalia Rotary Club, sponsors of the game.

Howard Reid, Joe Merrick, and Bruce Finlayson, all of Carrollton, have volunteered their services. All three are well known football officials throughout this area. Finlayson, former Purdue University great, will umpire the game; Reid, a graduate of Westminster, will serve as the referee; and Merrick, outstanding end at Northeast State College at Maryville during the '40s, will be the headlinesman.

Finlayson has been refereeing in the Big Seven university circuit for several years and is scheduled for the Army and Nebraska game this year. Reid and Merrick have teamed up in the small college and Pony Express conferences the past two years.

The Aug. 30 game will be the second State Fair Bowl game, bringing together outstanding all-star graduating seniors from the eastern and western sections of Missouri. The rosters of both teams are practically completed and another thrilling game is expected. Last year, the Eastern All-Stars trounced the Western All-Stars by the score of 19-6. This win was sparked by several former Smith-Cotton High School players of the championship 1955 team. This year, Sedalia will be represented by at least two players.

The State Fair Bowl game is held each year as a benefit for the Rotary project fund, the proceeds being used principally for youth activities in the community, including Little League, Crippled Children's Center, Teen Town, and a milk fund for under-privileged school children.

Kiwanis defeated the Jaycees by a score of 18 to 8 in Little League play Tuesday night. The Kiwanis had 19 hits and three errors and the Jaycees had 11 hits and two errors. Wilhite was the winning pitcher and Gravett the loser.

In the second game Sedalia Ice beat Rotary by a score of 12 to 4. Randall was the winning pitcher and Merry the loser.

The first four teams will play for the city championship this year. The Kiwanis and Jaycees were tied for fourth until last night's game.

Kiwanis will meet Sedalia Ice, the league leader, and the Jaycees play Rotary in the second game. Should Sedalia Ice beat Kiwanis and Jaycees beat Rotary, a fourth place tie would result and a play-off will be held Friday night.

Should Allen Undo Moral Preachments?

By CYNTHIA LOWRY
NEW YORK (AP)—One question which is not—but perhaps should be—under debate around the networks today is:

Should Steve Allen, even if he's battling Ed Sullivan over the all-important ratings, be allowed to undo the fine moral preachments of the likes of Roy Rogers, now gone from the NBC corral?

The question has been nagging since Leona Gage, freshly stripped of her "Miss U.S.A." title by the discovery that she was the married mother of two, confessed girlish wonderment to Allen, and to a lot of TV watchers, about what one little white lie had wrought.

Between them, they gleefully ticked off the rewards she had won simply by saying she was unmarried: a Las Vegas night club offer, a movie contract, a chance to play a lead dramatic role on a (NBC) television show. And, of course, sharing the camera with Allen and singing "Sentimental Journey" for a fat fee.

For some years, the networks have done considerable boasting about adherence to an industry code which, in both general and specific terms, frowns upon a variety of things, including profanity, vulgarity, unworthy motivation, or unpunished criminality.

In the executive offices of the Allen show, Henry Frankel, Allen's "talent coordinator," a reported rating service found the Gage show had licked the opposition by three points.

"She had enough talent, and that coupled with her publicity made her attractive enough for us," said Frankel of Miss Gage. "Look at it this way and don't climb all over us for it. Here's a pretty, attractive woman, not some amateur night routine. She got plenty of publicity. How do I know what motivated her? Let's just assume that when she told that lie she was a minor and not responsible. After all, she says she's 18."

"My function is to put together elements to attract an audience and to entertain them to some extent. I think that girl came off pretty well."

Meanwhile, back at the ranch, Roy and Dale may well be wondering about the old format.

Maybe the code should differentiate between the white and the black lie—and let mommy and daddy try to explain that to the kiddies. Or maybe Miss Gage can do a kiddies' show.

Indian Gives Birth To Seventh Twin Set

PINE RIDGE, S.D. (AP)—Mrs. Marcella Big Crow, 43, gave birth yesterday to the seventh set of twins born to her since 1943. Latest arrivals are a six pound, 12 ounce girl and 7-pound, 7-ounce boy, born nine minutes apart at the Indian Hospital. The father, James Big Crow, is a farm hand. Mrs. Big Crow has had 18 children, including four single births. Three of the children died, including two born singly and one set of twins.

Asiatic Flu to Come To Philadelphia

PHILADELPHIA (AP)—Philadelphia can expect a serious outbreak of Asiatic flu in the late fall or early winter, Public Health Commissioner Norman R. Ingraham warns.

"The time has come to tell Philadelphians frankly what can be expected," Ingraham said. "The sickness will be concentrated in a few weeks with a large number of persons laid up and unable to work."

Asiatic flu is a strain of influenza originating in the Orient.

Dr. Ingraham said Philadelphia has been "seeded" for an outbreak of Asiatic flu by Boy Scouts who attended the recent National Jamboree at nearby Valley Forge and visited the city.

Auto Crash Saves Children of Injury

CHELSEA, Mass. (AP)—An automobile collision yesterday saved four children from possible injury.

Richard J. Grzelczyk, 28, was at the wheel of his car when he spotted a driverless auto with four children in it rolling down a hill.

He maneuvered in front of the runaway vehicle and permitted it to strike the rear of his car, thus preventing it from smashing into a building at the bottom of the hill.

Dante Abbene, 32, said he had left his car at the curb with his children in it while he made a brief visit.

Navy Plans to Put 60 Ships in Mothballs

WASHINGTON (AP)—The Navy plans to put 60 ships—including the battleship Iowa and 26 other combat vessels—into mothballs soon to reduce expenses.

In announcing the cut Monday, the Navy said there would be little effect on fighting power because of the new atomic-powered submarines and other modern vessels scheduled to join the fleet by next June.

While the older ships are being laid up, 23 new vessels and 10 ships being converted to more modern weapons will be added to the fleet, the Navy added.

Other ships to be deactivated will include 8 destroyers, 16 destroyer escorts, 2 submarines, and in the noncombat category, 5 transports, 5 landing ships, 2 attack cargo ships and 21 mine-sweepers and mine hunters.

The specific vessels will be picked soon, the Navy said. The removal of the Iowa from the fleet leaves only one battleship, the Wisconsin, on active duty.

Belafonte Sounds Off His Opinion

By BOB THOMAS
HOLLYWOOD (AP)—Harry Belafonte, the sensational ballad singer and actor, has been sounding off on a number of subjects lately. Does this mean he aims to be a controversialist?

"No," he claimed. "I don't seek controversy. But it is thrust upon me. Because I am in the public eye, I am naturally asked some hot questions. I can either say 'no comment' or I can speak my mind. I see no reason for not speaking my mind."

His opinions are firm, and he expresses them quickly and very strongly.

About his current picture—"It was poorly written and poorly directed, considering the caliber of talent that did it."

About playing the South—"I'm not going to do it if violence will result. I don't want to see people's heads knocked together. But if it meant that the next day Negro and white children could go to school together, I'd sing there."

About TV bigwigs—"They have no vision, no imagination."

About Georgia—"I don't care

If it secedes from the Union." An outspoken fellow, you can see. He has reached the top and is obviously enjoying it. But there is little that is frivolous about Belafonte. His seriousness belies the gay, carefree performance he gives onstage.

His future appears unlimited. He can write his own ticket with the film studios, and his appearances are sold out wherever he plays. He recently signed a record deal with RCA-Victor to bring him at least \$100,000 yearly for the next 10 years.

How did this 30-year-old singer come so far so fast?

I tried to analyze it as I watched him perform under the cool California sky at the Greek Theater.

1. He is an immensely attractive performer. His face has a beauty that remains masculine. You sense about him a feeling of reserve power.

2. That power explodes when he starts singing. He is a superb actor who can do anything with his bland, persuasive voice. He

brings showmanship and sincerity to his work.

3. His work is fresh and appealing. Though the ballad is as old as time, he makes it seem as vital as today's newspaper.

The American public has embraced Belafonte.

Will Shelton Has Enlisted in Service

Will Vernon Shelton, son of Mr. and Mrs. Wilfred Shelton, Blackwater, has enlisted in the Air Force and is presently stationed in Texas. He graduated from Nelson High School in 1956 and prior to entering service was employed at Nelson Elevator.

Robert E. Peary reached the north pole on April 6, 1909.

About Town

Mr. and Mrs. Bert M. DeWitt, 2005 West 11th, had as their guests for the weekend, Mr. and Mrs. Earl G. Brown of St. Louis.

Mr. and Mrs. William C. Hopkins, 819 West Fourth, and Mr. and Mrs. Charles W. Halbrook, 727 East Tenth, have returned from Dallas, Tex., where they attended a three-day Leaders Club convention of the State Farm Insurance Co., held at the Statler-Hilton Hotel there. The Leaders Club is composed of outstanding managers and agents in production and service. Hopkins is the district manager in this area and Halbrook is an agent. Hopkins reports that Dallas had record-breaking heat on two of the three days, reaching 110 and 111, but the hotel was air-conditioned.

Hunt Survivors of Escaped Army of 49 Rhesus Monkeys

NORTH WALES, Pa. — The holding out against superior forces. Their ranks were thinned by capture and death. The solid front had been dispersed into guerrilla forces and they were being relentlessly pursued.

The clash between animals and humans started yesterday when the 49 Rhesus monkeys escaped from the Merck, Sharp and Dohme research laboratories and swarmed through this community of 3,000 in suburban Philadelphia. It wasn't long before calls began to bombard the police.

"I was hanging out the wash when all of a sudden this monkey comes swinging down the clothes line and . . ."

"It was in the kitchen. I was washing the dishes when his hairy face pops up at the window. Scared? Why I almost dropped my best platter."

A posse of lab workers, police

and 30 gleeful children joined the hunt. The laboratory employees wore heavy clothes and carried nets. Police carried rifles. The youngsters acted as "beaters" to scare the monkeys into the nets.

By today all but 19 had been accounted for. Ten were recaptured and police shot 20 others. Those shot, a laboratory spokesman said, were high in trees and couldn't be taken alive.

The laboratory official said the monkeys, recent arrivals from India, were to have been used in the production and testing of polio and influenza vaccines. He said none of the animals had been inoculated with any virus.

"They can't yet be considered domesticated," the spokesman said. "They are still in a wild state. We are afraid that they might bite or scratch somebody."

Laboratory officials were at loss to explain how the "army" escaped from their large wire-enclosed cage guarded by a system of double doors.

Slap Adds Fuel to Fuss Over Criticism of Queen

LONDON (AP)—A slap heard round the British Empire added fresh fuel today to the fuss over the peer who criticized the Queen.

On the receiving end of the blow was 33-year-old Lord Altrincham, the blue-blooded magazine editor who sent eyebrows and tempers soaring last week with an article panning the public speaking, interests and advisers of Queen Elizabeth II.

On the delivery end was 64-year-old Philip Kinghorn Burbridge, a small but doughty retired merchant seaman.

Police who rushed up after the one-blow incident outside a broadcasting studio last night ordered the ex-sailor to tell it to the judge in Bow Street Criminal Court today. Burbridge was charged with insulting behavior.

Freed on bail, he told reporters: "I did what Prince Philip wanted to do but couldn't."

Just before getting slapped, Altrincham had made a TV appearance in which he defended his criticism of the Queen.

He told the viewers he was "very sorry indeed if I hurt the feelings of the royal family" and said he was really shooting at the courtiers who advise the Queen and write her speeches.

"You have no choice but to criticize the boss," Altrincham explained. "Only the boss can get rid of bad servants. She hires them and she alone can fire them."

Having said his piece, Altrincham left the studio. As he stepped into Kingsway Avenue, Burbridge dashed up and let fly, shouting, "This is for insulting the Queen!" A crowd of bystanders looked on.

"He gave me a clout," Altrincham said later. "I said, 'That's a silly way to behave.' There was no strength behind the blow."

Giving his side of the brief encounter as he downed a pint in a neighborhood pub, Burbridge said: "I am sure Prince Philip would have done the same if he had been able. Here's to the Queen and good luck in court, but I'm ready to go to jail if I must."

Services Not to Hire Any More Civilians

WASHINGTON (AP)—Secretary of Defense Wilson has ordered the military services not to hire any more civilians for the present in order to reduce payroll expenses.

Officials said about 20,000 civilians leave the military payroll each month. These would not be replaced under the Wilson directive.

A total of 1,160,914 civilians were employed by the military as of June 30.

Memorial Destroyed

LIMERICK, Ireland (AP)—A dynamite explosion early today destroyed a memorial to Irishmen who fought with the British army in World War I. The memorial was a 10-foot cross erected by the British Legion, a veterans organization. The cross was blown to pieces and windows of houses in the neighborhood were smashed.

First Chemist

Robert Boyle, who lived from 1626 to 1691, has been called the first chemist. He was first to formulate our present conception of an element. Certain of the elements were known to the ancient alchemists but their conception was not clear.

Rookie Police Placed On Emergency Duty To Fight Gang Trouble

NEW YORK (AP)—More than 500 student policemen marched out of classrooms and into hoodlum-haunted streets last night to join the war on juvenile crime.

The rookies pounded beats in the city's so-called hazard precincts where teen-age violence has exploded. They walked in pairs from 6 p.m. to midnight.

But the gray-clad patrolmen found little to make them reach for nightstick or pistol. The street gangs of young toughs had melted into the shadows.

"Very likely all the gangs are hiding," said a veteran police sergeant with the rookies. "All this publicity has frightened them off—for a while."

Youthful offenders have killed 22 persons this year, three in the last 12 days.

Before embarking on their emergency assignments, the 536 rookies got get-tough orders from First Deputy Police Commissioner James R. Kennedy.

"Gang violence and the unlawful use of force will not be tolerated," said Kennedy. "It will be met by force, legally applied."

Shark Takes Phone

WEST LOOE, England (AP)—A woman complained to the telephone company yesterday that a shark was monopolizing the public phone booth near her house.

This sounded fishy, but a trouble shooter was sent to investigate. He found that the booth was indeed occupied by a shark—a five-footer well along in rigor mortis. Police speculated a visiting fisherman had mislaid it.

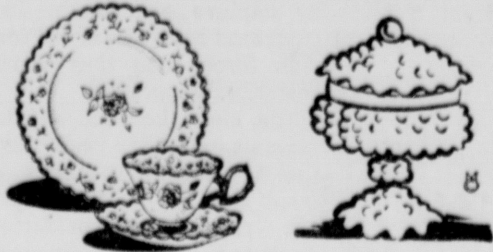

Reds Promise Aid By Syrian Agreement

MOSCOW (AP)—The Soviet Union has promised extensive economic and technical aid to Syria under an agreement signed here last night after two weeks of negotiations.

A joint communique said Russia also would consider giving the Arab nation long-term credit. It gave no details and did not mention arms assistance or political agreements.

(Arab informants in Cairo earlier this week said Russia had agreed to let Syria defer payment on Communist bloc arms purchases it has made over the past two years. They also said the economic and technical aid offered totaled 65 to 100 million dollars.)
